Think of your word

What do you see?

What do you smell?

What do you hear?

What do you feel?

What do you taste?

What emotions do you feel?

Brainstorm as many images as you can that are associated with your word

- Gather at least 10 source images (remember you can borrow, but not recreate exactly)
- How can you arrange them to create your message?
- How could you use unlike things to give new meanings?
- How could you use images or subject matter in new and surprising ways?
- Could you use text to inform the viewer?
- What has been done on this subject?
- How can you blend old and new?
- What if it was stretched? shrunk? shattered?
- What cultural or identity symbols could you use?

Choose an artist or an art movement that speaks to you emotionally or visually. Here are a few artists to get you started.
